**SUBJECT: AT&T CALNET 2 - Local Government Customers \* Action Required \***

The California Department of Technology has extended the CALNET 2 Contract to accommodate the transition to the new CALNET 3 Contract. Local Government customers that have not completed a CALNET 3 Authorization to Order (ATO) are required to submit a new ATO in order to transition to the CALNET 3 Contract. If you have already submitted an ATO for CALNET 3 services no further action is necessary.

- CALNET 2 Services that you are currently receiving where a comparable Service is available under CALNET 3 will continue to be available under CALNET 2 through **July 29, 2015**.
  - Prior to July 30, 2015, you may:
    1. Move comparable CALNET 2 Services to CALNET 3 by signing a new CALNET 3 ATO and begin the CALNET 2 to CALNET 3 transition process.
    2. Move your Services to another CALNET 3 service provider.
    3. Do nothing and effective July 30, 2015, CALNET 2 service providers may move your existing Services to the prices, terms and conditions contained in existing tariffs/service guides on file with the California Public Utilities Commission and/or the Federal Communications Commission.

Recommend action is to submit a CALNET 3 ATO as soon as possible with your chosen option above to ensure that your Service choices are fully completed on or before July 29, 2015.

- CALNET 2 Services that you are currently receiving where a comparable Service is not available under CALNET 3 will continue to be available under CALNET 2 through January 29, 2016 (this includes E911 Services).
  - Prior to January 30, 2016, you may:

1. Move the Services to CALNET 3 (if a comparable Service has been added to CALNET 3) by signing a new CALNET 3 ATO and begin the CALNET 2 to CALNET 3 transition process.
2. Move your Services to another CALNET 3 service provider.
3. Do nothing and effective January 30, 2016, CALNET 2 service providers may move your existing Services to the prices, terms and conditions contained in existing tariffs/service guides on file with the California Public Utilities Commission and/or the Federal Communications Commission.

Recommend action is to submit a CALNET 3 ATO as soon as possible with your chosen option above to ensure that your Service choices are fully completed on or January 29, 2016.
